To Whom It May Concern

For over 30 years, Venture Language Training Limited has provided comprehensive English language training programming throughout Hong Kong. We are known for our commitment and unique approach to English language instruction. Our students have gone on to receive degrees from some of the most prestigious universities around the world.

Our success is due to our accomplished and highly skilled team of tutors and off-site trainers. I can confidently say that Martin Maggiore is an important part of that team.

In Autumn 2015, I began to observe Martin in one of our off-site schools. At the time, he was assigned to train a group of primary school students for the Hong Kong Speech Festival. The class was 90 minutes long. The first hour was spent preparing a class of 30 P2 students for a choral speech entry. For the remaining 30 minutes, he trained students one to one for solo entries.

It became immediately clear to me that Martin is a talented and enthusiastic teacher. He was always well prepared for the class. He was diligent in assessing their work and provided clear constructive feedback to facilitate their progress. The students' understanding and skills were broadened through a variety of materials and teaching approaches. Throughout the entire process, the students were fully engaged and gained much from his guidance.

Martin has been an asset to Venture. He is conscientious not only in assessing his students' work, but he is equally committed to evaluating his own work as a teacher. As a supervisor and an instructor, self-assessment is a sign of a truly committed and gifted teacher.

If you need any further details or have any questions, I can be reached on my mobile at 9189 0961 or by email at drama@languageventure.com.

Best Regards
